TUESDAY 26TH FEBRUARY 7p.m.

**Holiday Inn Stewartfield Way East Kilbride
Refreshments will be served after business**

**Papers will be distributed on the evening but please check website for
advance details of Agenda and KOA finance information**

.....

REPLACEMENT KITTOCH MUIR ROOF TILES

Due to the poor quality of roofing tiles originally used on our development, the majority of residents have had (or will soon need) roof-tiling work to be completed.

Those of us who have already done this will appreciate the extreme difficulty, and expense, of sourcing suitable, good quality replacement tiles.

As such, the KOA Committee have commissioned Capvond to make a mould from the original tile so that replacements can be ordered **by individual residents**, and made to request.

The new tile will look identical to the originals, as the mould has been made from a copy of one of our tiles- but it will be manufactured from a superior, more robust material which can be cut, and is much easier to work with.

Each tile will cost £3.05(+vat) with a minimum order of 10 tiles

Ordering details will be explained in full at AGM and samples will be available to view
